WORK EXPERIENCE

10/07/2020 – 28/02/2023

Shipping Deputy Minister to the President

Republic of Cyprus

Member of the Council of Ministers reporting directly to the President of the Republic of Cyprus on all issues pertaining to Cyprus shipping and to the integrated maritime policy of Cyprus.

Responsible for the formulation and implementation of policies, actions and initiatives towards the:

- development of a comprehensive national shipping strategy for the expansion of the Cyprus Register of Ships and the Cyprus shipping cluster and the development of the national integrated maritime policy and blue economy of Cyprus,
- coordination and implementation of the national shipping strategy, through the necessary horizontal policies,
- continuous updating and implementation of shipping legislation in all matters relating to the Deputy Ministry's competencies, including the registration of ships in the Cyprus Register of Ships and the issuing of relevant certificates and licenses,
- promotion and support of investments in shipping, including the development and implementation of incentives,
- promotion of maritime training and education,
- design and implementation of a promotion strategy and related campaigns and activities both in Cyprus and abroad,
- preparation of studies, market research, analysis of current trends in shipping, the management of statistical data, the evaluation of the performance of programs and projects relevant to the shipping sector,
- upgrading and modernization of the structure and procedures of the Deputy Ministry and the continuous upgrading of the quality of the services provided, as well as the promotion of innovation in the shipping sector,
- supervision and regulation of the shipping sector, the cooperation with other supervisory authorities, as well as the provision of support and information to shipping companies on shipping legislation,
- preparation and submission of proposals for reforms, which include, among other, the simplification of procedures for attracting shipping investment, enhancing competitiveness and further developing the shipping industry.

Accomplishments and Milestones during his tenure

- Formulation of the strategic vision for Cyprus Shipping "SEA change 2030", promoting a new extroverted approach and philosophy in shipping and a new working structure within the Shipping Deputy Ministry (SDM). Introduction of 35 sustainable actions with a timeframe of implementation (23 out of the 35 actions are already delivered).
- Effectively responding to crises – facilitating crew changes and repatriation of thousands of seafarers, formulation and implementation of a national vaccination plan to cover 40000 seafarers, facilitating a fast-track process for seafarers affected by the war in Ukraine to open bank accounts, access their salaries and pay bills, which were hindered after Russia's invasion triggered sanctions on banks.
- Reinstating a maritime passenger link between Cyprus and Greece, after a 21-year hiatus providing alternative connectivity to Cypriot citizens through an effective framework of public subsidy.
- Creating the framework conditions for one-stop-shipping-shop through (a) an EU funded project for the digital transformation of all SDM services already under implementation; and (b) the adoption of the legal and administrative framework for the incorporation of Shipping Company.
- Promoting the decarbonization of shipping through (a) the introduction of EU approved Green Tax Incentives incentivizing the shipping industry to proactively reduce the greenhouse gas emissions; (b) the establishment of a "Research Innovation Shipping Environment" (RISE) to formulate funding programs to encourage research and innovation for cleaner shipping; (c) encouraging and facilitating shipowners flying the Cyprus flag to take proactive action by conducting trials using alternative fuels such as Biofuels and Hydrogen; (d) active involvement to the EU and IMO deliberations in order to formulate a broad and diverse set of actions required to achieve emissions reduction targets whilst communicating the specificities and the international character of shipping.
- Creating a culture for seafaring, maritime and blue studies and professions through innovative and interactive campaigns to secondary schools ("SEA...your Horizon", "Let's DISCO"), new initiatives promoting blue economy to the civil society ("THALASSA" festival), establishment of a Mentoring Team of Young Shipping Professionals and a Committee under his chairmanship to evaluate all undergraduate and postgraduate

university maritime courses and submit recommendations to ensure that are fit-for-purpose, bridging the gap between academia and business.

- Promoting gender equality and working towards breaking the gender stereotypes in maritime industry by introducing a new term to the international shipping terminology – “WOMANNING” shipping.
- Developing Cyprus’ Blue Economy and Integrated Maritime Policy through the formulation of Cyprus’ Maritime Spatial Plan – a key cross-cutting tool towards promoting a holistic approach aiming to maximizing the growth potential of Cyprus’ sea areas in a sustainable way.
- Promoting the development of Blue Growth initiatives in the Mediterranean Basin.
- Proposing through specific initiatives an Agenda for Sustainable use of Oceans by Commonwealth in line with UN Sustainable Development Goal 14 and the Commonwealth Blue Charter.
- Enhancing maritime safety, security and marine environment protection in the Mediterranean Sea through an initiative to expand the Member states of the Med MoU on Port State Control to ensure a harmonised regime and coordinated approach on port state control inspections by all Mediterranean countries.
- Re-election of Cyprus to the IMO Council (Dec.2021) receiving support from 133 countries out of a total of 160 countries that voted.
- Received the SAFETY4SEA 2021 Leadership Award in recognition of demonstrating industry leadership and contribution towards safer shipping and for taking charge of key actions to enable safe crew changes and gain momentum with seafarers’ vaccinations (<https://www.youtube.com/watch?v=winusaA-lzY>).
